

Quiet Cul de Sac Living in Maple Grove!

Location: Maple Grove, MN

This Two-Story 4 bedroom three bath home has all 4 bedrooms on Upper level. Cozy up in the Huge Master Bedroom next to the gas fireplace. It has its own private bath including walk-in closet. The other 3 bedrooms are plenty spacious as well with one having double closets for additional storage. The eat-in kitchen has walls of cabinets and a food pantry. The openness of the Kitchen and formal Dining area make this home great for entertaining. The family room has a fireplace just off the kitchen plus the finished lower level has a bonus room with more closets off the den/rec room. Enjoy the big back yard with deck off of the kitchen and a built in gas barbeque. This property has been well kept and squeaky clean. The living room and formal dining area were just freshly painted. The main floor laundry by the back door seconds as a mud room. When you drive up you will see it situated at the end of a culdesac which makes for a quite retreat from

traffic and noise.

Maple Grove sits on the edge of a rural area yet is still relatively close to urban life. Residents love the Arbor Lakes area, which is referred to as "a city within a city." The walkable district is home to lots of retail, restaurants and shopping. Several sizeable lakes provide fishing and boating, and residents flock to midsummer events like Maple Grove Days as well as frequent farmers markets. Fishing and canoeing is available only 2 blocks away on Rice Lake! See all of our rental houses, townhomes and condos at www.MNRentalHouses.com.
