This two bedroom 1 bath home has almost 1200 square feet and is plenty large enough for a young couple or small family. It has a large kitchen with a center island and great working space cooking and entertaining. There is new carpet in one bedroom and hardwood floors in the other. Main floor laundry leaves the basement for storage.

The back yard is fenced and great for grilling and socializing with friends. The neighborhood is quiet and only a 1/2 mile from Como Lake and Park. There are baseball fields and a skateboard park only 1 block away.
