

Trenton Ponds Townhome: Soaring Ceilings, Incredible Privacy & View!

Location: Plymouth, MN

See all of our rental houses, townhomes and condos at www.MNRentalHouses.com.

Quite possibly the most private townhouse in the city of Plymouth! This three bedroom three bath home has a fabulous four season sun porch with cedar paneling and overlooks acres of wetlands and wildlife.

It is open, bright & with lots of windows, vaulted ceilings and skylights. The kitchen is fantastic with hardwood floors, plenty of counter space and newer appliances. Enjoy the double sided fireplace while reading or entertaining family and friends. The main floor master suite has a custom shower and jetted tub.

The laundry is conveniently located on the main level. The upper level has a huge loft area with two additional good sized bedrooms and a bath. New mechanicals including water heater,

water softener, disposal and sump pump. The structure is tight with freshly insulated attic and crawl space. This home has a heated two car garage with drainage and also equipped with a security system.

Premium location at the end of cul-de-sac. The property is near Hwy 55 & 169 & 494. Only a 10 minute commute to down town Minneapolis. Money Magazine recently named Plymouth as one of the best places to live in the US. The magazine singled out its top-notch schools and low crime rate.

It is extremely difficult to find a town home with this much privacy and views on three sides similar to what you would see living in the country.
